

What's in a Name ?

Project Josiah

King Josiah was one of the Old Testament kings who took down the High Places where babies were sacrificed to Baal and Molech. Babies and children were burned on the altars to appease the gods. The Bible speaks highly of many kings but notes that only two took down the High Places. The multiple references to this omission indicate the error of this negligence on the part of the leaders of Israel. This serves as a warning to the Church today to not neglect the eradication of the High Places: "Abortion Centers" Abortion is a sacrifice to the gods of convenience, greed, self, lust, sexual immorality and pride!

2 Kings 23:10

Children are a heritage of the Lord, the fruit of the womb is a reward.

We believe it is the sacred duty of Evangelical Christians to actively oppose abortion.

Praying at abortion centers is easy.

Your Presence is a witness of the Love of Christ!

You can hold a positive sign, or just pray. Many woman change their minds when they read a sign or see someone praying.

We also engage in sidewalk counselling (optional), in an effort to direct women to a crisis pregnancy center in order to support the woman and her baby with life-giving options.

Rescue those who are being taken away to death; hold back those who are stumbling to the slaughter.
